

SMART INVESTMENTS STRONG INFRASTRUCTURE

Advancing Maine's Transportation Landscape

BRIDGE BREAKING COMPETITIONS

THE CONFERENCE WILL HOLD TWO BRIDGE BREAKING COMPETITIONS
AT THE 72ND MAINE TRANSPORTATION CONFERENCE.

1 MTC TRADITIONAL BRIDGE BREAKING COMPETITION ORDER YOUR BRIDGE KIT BEFORE NOVEMBER 14!

Hosted by the UMaine ASCE Student Chapter

Bridge Kits are available for \$20 from:

Erin Brewer
207-312-3347
Erin.Brewer@maine.gov

The kits for the traditional competition will be mailed upon request, but no later than November 14th, so bridges can be built in advance.

Bridges will first be weighed and then tested to failure in a test frame. The most efficient (strength-to-weight ratio) bridges in the Traditional and Accelerated categories will win! Prizes will be awarded for First- and Second-Place bridges and for the Top Student Bridge. Rules for this year's contest will be provided in the kits.

2 MTC ACCELERATED BRIDGE BREAKING COMPETITION TEAMS OF 4 WILL HAVE 30 MINUTES TO BUILD THEIR BRIDGE!

Hosted by the Maine Section-ASCE and WTS-Maine Chapter

Teams will use supplies provided at the conference. Prizes will be awarded for bridges which hold the most weight.

- CHALLENGE YOUR CO-WORKERS, CONSULTANTS, CONTRACTORS, AND STUDENTS!
- SHOW OFF YOUR ENGINEERING & CONSTRUCTION SKILLS!
- MORE INFO TO COME!
