Space underwrites all instruments of national power in competition, conflict, and crisis

The U.S. Harnesses The Benefits Of Space Everyday

Global Space Economy To Grow From \$400 Billion To Estimated \$1 Trillion By 2040

Potential Adversaries Recognize The U.S. Dependence On Space Advantages

Potential Adversaries Intend To Degrade Space Capabilities To Reduce Our Military Effectiveness

“The PLA will continue to integrate space services—such as satellite reconnaissance and positioning, navigation, and timing—and satellite communications into its weapons and command-and-control systems to erode the U.S. military’s information advantage.” (page 8)

Space is a Warfighting Domain like Air, Land, and Sea
